INITIATION FEE

The initiation fee is a one-time fee that is paid at the time you join our club. This fee helps cover the training costs, administrative, and operational costs of the club.

You pay this only once. If for some reason you have to put your membership on hold and start up again within two years, there is no additional charge. After two years, there may be a small charge to help reorient you to the operation and function of the boats in the club.

SHARED MEMBERSHIP

A shared membership is a membership you share with another family, relative, or friend not in your household. If you choose this option there is an additional fee to cover the costs of additional training and administration. Again, this is a one-time fee with all the same conditions.

We can only accommodate one credit card on file per membership so the splitting of costs of the monthly dues needs to be handled directly with your member-partner.
